**JUDGING CRITERIA AND POINT VALUE**

The principles of “12 Elements of a Merit Image” will be used as the base for the judging criteria. As outlined by Bob Hawkins, these twelve elements have been defined as necessary for the success of an art piece or image. Any image, art piece or photograph will reveal some measure of all twelve elements, while a visually superior example will reveal consideration of each one.

The twelve elements for judging the photographs will be:

<table>
<thead>
<tr>
<th>ELEMENT</th>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>IMPACT (Max Points: 8)</td>
<td>Impact is the sense one gets upon viewing an image for the first time. Compelling images evoke laughter, sadness, anger, pride, wonder or another intense emotion. There can be impact in any of these twelve elements.</td>
</tr>
<tr>
<td>CREATIVITY (Max Points: 10)</td>
<td>Creativity is the original, fresh, and external expression of the imagination of the maker by using the medium to convey an idea, message or thought.</td>
</tr>
<tr>
<td>TECHNICAL EXCELLENCE (Max Points: 6)</td>
<td>Technical excellence is the quality of the image itself as it is presented for viewing. Retouching, manipulation, sharpness, exposure, mounting, and correct color are some items that speak to the qualities of the physical print.</td>
</tr>
<tr>
<td>COMPOSITION (Max Points: 8)</td>
<td>Composition is important to the design of an image, bringing all of the visual elements together in concert to express the purpose of the image. Proper composition holds the viewer in the image and prompts the viewer to look where the creator intends. Effective composition can be pleasing or disturbing, depending on the intent of the image maker.</td>
</tr>
<tr>
<td>LIGHTING (Max Points: 8)</td>
<td>Lighting - the use and control of light - refers to how dimension, shape and roundness are defined in an image. Whether the light applied to an image is manmade or natural, proper use of it should enhance an image.</td>
</tr>
<tr>
<td>STYLE (Max Points: 8)</td>
<td>Style is defined in a number of ways as it applies to a creative image. It might be defined by a specific genre or simply be recognizable as the characteristics of how a specific artist applies light to a subject. It can impact an image in a positive manner when the subject matter and the style are appropriate for each other, or it can have a negative effect when they are at odds.</td>
</tr>
<tr>
<td>PRESENTATION (Max Points: 6)</td>
<td>Presentation affects an image by giving it a finished look. If mats and/or borders are used do they support and enhance the image, not distract from it. Any filters or finishes applied to photos should be enhancing to the photos presentation.</td>
</tr>
<tr>
<td>CENTER OF INTEREST (Max Points: 6)</td>
<td>Center of Interest is the point or points on the image where the maker wants the viewer to stop as they view the image. There can be primary and secondary centers of interest. Occasionally there will be no specific center of interest, when the entire scene collectively serves as the center of interest.</td>
</tr>
<tr>
<td>SUBJECT MATTER (Max Points: 12)</td>
<td>Subject Matter should always be appropriate to the story being told in an image.</td>
</tr>
<tr>
<td>COLOR BALANCE (Max Points: 10)</td>
<td>Color Balance supplies harmony to an image. An image in which the tones work together, effectively supporting the image, can enhance its emotional appeal. Color balance is not always harmonious and can be used to evoke diverse feelings for effect.</td>
</tr>
<tr>
<td>TECHNIQUE (Max Points: 10)</td>
<td>Technique is the approach used to create the image. Printing, lighting, posing, capture, presentation media, and more are part of the technique applied to an image.</td>
</tr>
<tr>
<td>STORY TELLING (Max Points: 8)</td>
<td>Story Telling refers to the image's ability to evoke imagination. One beautiful thing about art is that each viewer might collect his own message or read her own story in an image.</td>
</tr>
</tbody>
</table>
Your entry is judged according to the “12 Elements of Merit Image.” You are competing against previously determined standards of excellence, not against your peers. Before preparing your entry for submission please carefully review the judging criteria.
